Supersedes: DTK Revision 1 effective 9-28-05  
Schedule Consists of: Two Pages

SCHEDULE DTK

---

**DATALINK WEB-BASED ACCESS TO INTERVAL LOAD DATA RIDER**

---

**I. AVAILABILITY**

At all points throughout the territory served by Entergy Gulf States Louisiana, L.L.C. ("EGSL" or the "Company") to any eligible customer receiving service from the Company. Company has the right to terminate this Rider at any time, upon giving thirty (30) days written notice of intent to terminate to the Commission. In such event, each current Customer served under this Rider will continue on this Rider until the end of the Customer's then current contract term irrespective of whether such contract is in its Original Term or Renewal Term as defined below. The Company reserves the right to discontinue or suspend at any time the availability of this Rider for reasons beyond the Company's reasonable control, including, but not limited to, the unavailability of requisite remote communications technology.

**II. APPLICABILITY**

This rate is applicable under the regular terms and conditions of the Company to EGSL Customers who contract for not less than 150 kW of electric service at Company's available line voltage. Schedule DTK is available upon the Customer's request and at the option of the Company.

AT

**III. LENGTH OF CONTRACT AND CONTRACT TERMINATION**

Customer will be required to sign a contract for a minimum term of two (2) years ("Original Term"). If Customer chooses to cancel service under the contract before the completion of such term, the monthly charges not then paid for the remainder of the term shall become due and payable immediately. Customer and Company each has the option to terminate the contract at the end of a contract term (irrespective of whether such contract is in its Original Term or Renewal Term as defined herein) if a minimum of thirty (30) days written notice is provided. If not terminated, the contract will automatically renew for successive one year terms (each individual one-year term being a "Renewal Term").

**IV. GENERAL PROVISIONS**

DataLink is an optional service that provides the Customer with web based viewing access to Customer's interval load data, which data has been collected by the Company. The service gives a subscribing customer the option of viewing the collected load data on an hourly or daily basis.

AT

Customers that do not have interval metering must have an interval meter installed by the Company at Customer's expense to enable such data collection. Customers requiring an upgrade to interval metering may elect to pay for the interval meter installation either through a one-time charge or by way of a recurring charge paid monthly during the term of, and extension of, the contract term.

The Company can transmit the collected interval data through a telephone line provided by the Customer and at the Customer's expense or, at the Customer's request, by wireless communication. Customers who must install interval metering for DataLink Service may choose telephone or wireless communication. Customers who currently have interval metering where data is transmitted by telephone line for billing purposes may continue that method or may elect to have data transmitted by way of wireless communication. Wireless communication is offered and charges will be billed pursuant to the Remote Communications Link Rider, RCL. If Customer requests a wireless communication link, Company reserves the right to use such link to provide access for retrieval of Customer usage data for billing purposes.
