

# Jefferson Parish Schools case study

JEFFERSON PARISH  
SCHOOLS

5 schools

BAS upgrades

2 schools

Chiller replacements

\$149,659

in incentives

Estimated

2,000,000  
kWh

saved annually

## Jefferson Parish Schools 2021 energy efficiency retrofits

**Project summary:** JPSB continued taking advantage of Entergy Solutions incentive cash. Partnering with award-winning trade ally Synergy Building Solutions, JPS reduced their electric consumption by two gigawatt hours in the year following implementation. Building automation system upgrades help JPS operations provide comfortable, healthy indoor air. Set points are relaxed when buildings are unoccupied, resulting in major energy savings. Riverdale High and Marrero Middle also received incentives for purchasing high-efficiency chillers.

### 2021 Project sites

J.D. Meisler Middle School

Alice Birney Elementary

Allen Ellender School

Marrero Middle School

Helen Cox High

Tom Benson School

### About Entergy Solutions

Entergy Solutions is a program that gives incentives to Entergy Louisiana customers to perform energy-saving upgrades in their facilities. The program offers many ways to decrease energy use and save on expenses while maintaining a modern, safe operation.

#### Save energy and money through upgrades such as:

Ventilation systems

Refrigeration systems

Lighting systems

Variable Frequency Drives (VFDs)

Irrigation systems
