Schedule Consists of: One Page

SCHEDULE AMSOO  
Revision 0

---

## Advanced Metering System Opt-Out Fee

---

### I. AVAILABILITY

This Rate is available to all Customers of Entergy Louisiana, LLC (“ELL” or the “Company”), where facilities of adequate capacity and suitable phase and voltage for electric service and adequate capacity and pressure for gas service are adjacent to the premises to be served, and Service is taken according to the Terms and Conditions and Service Standards of the Company.

This Rate is for an optional service to residential customers who elect non-standard meter service in lieu of the standard communicating advanced meter service and who are currently taking service at no more than 200 Amps under a rate schedule for which a communicating advanced meter is the standard meter service. Customers electing service under Schedule AMSOO must submit the required signed form requesting such service.

Generally, unless otherwise specified herein, capitalized terms used throughout this document are as defined in the Company’s Terms and Conditions.

### II. APPLICABILITY

Pursuant to the Louisiana Public Service Commission’s Order No. U-34320, ELL is authorized to implement an Opt-Out policy for residential customers. Louisiana Public Service Commission Order No. U-34320-A defines the Advanced Metering System Monthly Fee for Opt-Out Customers.

This rider applies to metered electric and gas residential service under rate schedules Residential Service (RS-G), Residential (RS-L), and Small General Service (G-1).

### III. ADVANCED METER OPT-OUT FEES

A customer receiving non-standard metering service and opting out from receiving an advanced meter shall be charged a recurring monthly fee:

Monthly Fee for Opt-Out Customers	\$14.35 per Month
-----------------------------------	-------------------

If a customer’s account includes both an electric contract and a gas contract, the fees above will be applicable to only one of those contracts; however, the customer’s electric and gas meters will be read manually.

Existing meters must pass an inspection to ensure the meter meets safety and accuracy standards. If the existing meter fails the safety inspection or accuracy test, the existing meter will be replaced with a refurbished digital non-communicating meter.

Customers taking service under Schedule AMSOO relocating to a new premise who wish to continue service under Schedule AMSOO are required to request new service according to the Company’s Opt-Out request requirements.
